## DREAM OF AIR LINE ROUTE SHATTERED

Public Service Commission  
Order Gary Road be Discontinued.

INDIANAPOLIS, Nov. 2.—The public service commission of Indiana, in an order issued here Thursday, wiped away the last vestige of the fantastic dream that years ago promised to develop into a New York-Chicago "air-line" electric railway project that would make possible a ten-hour, direct, high speed electric railroad between the two great cities of the American continent. The commission's order authorized Charles D. Davidson, receiver of the Gary and Interurban

What a sight my skin was until I cleared it with Resinol

Even if the pimples, redness or roughness are severe and have resisted ordinary treatment, a little use of Resinol Ointment and Resinol Soap will usually bring out the skin's real beauty.

Railway Co., which now owns the old Goshen, South Bend and Chicago railroad, and Philip L. Poe—who recently purchased the old road at public auction—to discontinue its operation, receipts for the past 24 months being far less than operating expenses.

The story of the old dream, which ended Thursday, and which became famous throughout the central west and the financial centers of the east in its incipency, is told briefly in the commission's order, as follows:

Story of Project.—"Evidence introduced further reveals that this 26-mile section of interurban railroad (between Goodrun, Ind., and Laporte) was built as part of an air-line electric railroad projected to run between Chicago and New York—a dream of a 10-hour, direct, high-speed electric railroad between the two great cities of the American continent, for which investors are said to have advanced, or bought stock in, to the amount of some three millions of dollars. This 26-mile section of road is all that is left of that enterprise. Carrying out the original plan, the road was unusually well constructed, the grades being reduced, and an air-line route being adopted, which resulted in towns that might have been revenue-producing being disregarded. The road, therefore, runs from the city of Laporte westward a distance of 20 miles, without touching a town, and it has its terminal at Goodrun, which was never anything more than simply a junction station. The only town near said railroad is the town of Westville, which lies a mile or more south of the track. The land holdings here, comparatively speaking, large, through the 20 miles, through which said railroad passes, and do not afford local traffic that is usually to be expected for the sustaining of purely local lines, such as this traction line."

Abandonment no Hardship.—The section of the country, through which the line runs is taken care of by lines of railroad out of Chicago to such an extent that the abandonment of the road will not work a hardship, the order said. The order further shows that the Gary and Interurban road recently having passed through a receivership is not in financial position to bolster up the remnant of the old air-line project longer. Provision is made in the order for the city of Laporte to purchase that

## Boys and Girls of South Bend To Win Twelve Gold Medals!

American Trust Company Offers Prizes for  
Best Essays on

## "What The American Flag Means To Me"

Every boy and girl should enter this Patriotic Contest. Parents will do well to encourage the entrance of their children. The plan has been approved by the public and parochial schools of South Bend, and by the Associated Patriotic Societies of America.

### Many Are Already Enrolled

However, we want every pupil in the schools of this city to enter this contest—want every one of them to study the history of the flag, to think about the true meaning of Old Glory, and then to write a brief essay on "What The American Flag Means To Me."

### How to Enter

We have distributed booklets, giving the rules of the contest and history of the flag in the schools of the city. Study the booklet carefully and then write an essay on, "What the American Flag Means to Me." Give your essay to your teacher before December 1, when the contest closes.

### Twelve Gold Medals

One gold medal has been assigned to each grade in the South Bend Schools. You compete for a medal only with other boys and girls in the same grade, so every one has an equal chance. In addition to this, the Associated Patriotic Societies of America are giving 48 Diamond Medals for the best essays on "What the American Flag Means to Me." One of these diamond studded medals will be given to the boy or girl in Indiana who writes the best essay.

### Judging The Essays

A committee of prominent South Bend citizens will act as judges of the essays. The winners in each of the twelve grades will be announced shortly after the contest closes December 1st.

ENTER NOW. GO IN TO WIN ONE OF THESE GOLD MEDALS. Get a booklet from your teacher.
